(b) the exact basis of determination of these charges and up-to-date information thereof;

(c) whether these charges are also to be paid for the coal bearing areas/coal mines which are not within the lease holds of the Coal India Limited or its subsidiaries, or which are not nationalised; and

(d) if so, the reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF COAL (SHRIMATI KANTI SINGH): (a) The Screening Committee functioning in the Ministry of Coal for screening proposals relating to captive mining by power generating companies and companies engaged in the manufacture of iron and steel had formulated certain guidelines in respect of identification/allotment of captive mining blocks one of which stipulates that the company to whom the block(s) are offered will bear full cost of exploration incurred by Coal India Ltd. etc. The Coal India Board has also issued similar directives in the matter. Therefore the allottee on payment of full cost of exploration of the block will get the geological report and then proceed for obtainining mining lease and [illegible] of mining plan.

(b) The job of formulation of a basis for determination of exploration cost for captive mining blocks was entrusted to the Institute of Cost & Works Accountants of India.

The said body, after consideration of all factors, determined the basis of charging exploration cost. The process of calculation of exploration cost consists of adding updated drilling cost (including cost of core analysis and geophysical tests) of all blocks plus 2.5% by way of 'Retrieval Cost' (i.e. the cost of storing the test results and keeping them safe
